

May 14, 2008

Dear Nativity School Parents & Students:

Only a few weeks until we are "Open for Business". We are getting very excited to get closer to the opening of our new facilities.

In the coming weeks there will be lots of activity on the jobsite. Here is just some of the highlights of what work is being done in the coming week:

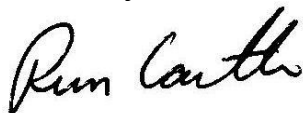

1. The gym floor is being installed.
2. The pavilion entrance tile floors are being installed.
3. The remainder of the windows and doors in the gym are being installed.
4. The removal of the pine tree at the Oak Grove entrance & the diseased Oak outside the entrance to the lower grades will be removed.
5. The remaining asphalt laid around the pavilion.
6. Irrigation and planting started.
7. Walkways finish being poured around the pavilion.
8. The rubber padding in kinder playground poured.
9. Remainder of fencing installed.

So keep checking the [webcam](#) on the school website, look out the windows in the lower grade hallway or thru the fence... There is lots of activity to getting this job ready for the opening.

REMEMBER: Drop off and pickup on Tuesday, Wednesday and Thursday (June 10-11-12) will be in the rear parking lot at the church. Due to carnival rides arriving.

THANKS for understanding and we look forward to getting back to a normal routine next school year.

Sincerely,

Russ Castle
Building & Facilities Chairman
