

Nativity School Parent Workshop

“Free acceptance in play, partnership and teams is what matters most to any child.
Rejection hurts more than anything else that happens at school.”

Vivian Paley, winner of the MacArthur Genius Grant.

Every school community faces this challenge: how to create a culture where students succeed in their peer relationships and friendships, where everyone feels accepted and respected for who they are? At this workshop you will

- learn about bullying and how it plays out in all schools
- develop skills to help your child through the inevitable challenges of their peer relationships
- partner with the school in making our Heart of Nativity initiative a success.
